WORK EXPERIENCE

COOP Careers - *Data Analytics Instructor (Contract)*, Chicago, IL

July 2025 - Dec 2025

- Delivered SQL, Tableau, Excel, ETL workflows, and programming fundamentals to a cohort of 14 fellows through lectures, labs, and hands-on exercises.
- Coached a pod of four students, providing individualized evaluation on project presentations and project scope refinement.

Burberry - *Operations Associate*, Chicago, IL

May 2024 - Aug 2025

- Led biannual stocktake initiatives using SAP, Excel, and Retail Operations Dashboard tools, reducing inventory shrinkage by 18% through improved inventory reconciliation.
- Conducted monthly inventory analysis using SAP BI, generated variance reports, and performed Excel VLOOKUP to attain inventory accuracy and support stock adjustment processes.
- Managed daily transfers and charge send through IBM Sterling and SAP while collaborating with client advisors to optimize order fulfillment and inter-store logistics operations.

COOP Careers - *Senior Data Analytics Instructor (Contract)*, Chicago, IL

Jan 2024 - June 2024

- Taught SQL, Python, Excel, and Tableau to 16 entry-level data analysts within a 16-week program cycle, contributing to a 95% completion and certification rate.
- Assessed 70+ technical assignments and two capstone projects, providing targeted feedback on code, analytical methods, and data-driven problem solving.
- Supervised a team of three instructors and assisted with curriculum development and instructor mentoring.

COOP Careers - *Digital Marketing Instructor (Contract)*, Chicago, IL

July 2023 - Dec 2023

- Guided a cohort of 15 apprentices across SEM, SEO, programmatic advertising, media planning, and social strategy, contributing to career placement for 9 participants (60%).
- Facilitated digital marketing training and supervised client-based projects in media math, KPI analysis, campaign performance, distilling insights into data-driven recommendations.

Spark Foundry - *Strategy and Planning Associate*, Chicago, IL

Nov 2021 - Nov 2022

- Enhanced accuracy of monthly actualizations by coordinating budgeting and reporting processes across internal teams over four consecutive quarters.
- Built quarterly competitive analysis presentations using Kantar data to identify competitor positioning, media activity, and market trends for strategic planning.
- Streamlined multi-channel activation procedures across three client accounts by improving approval processes and reducing campaign turnaround times.
- Owned Prisma flowcharts and media planning workflows to support campaign execution, budgeting accuracy, and performance reporting for CPG and retail clients.
- Produced monthly newsletters using eMarketer and Mintel research highlighting consumer trends, audience behaviors, and emerging market opportunities for client strategy teams.

PROJECTS

Publicis Media Training Program

March 2022 - April 2022

[Shift In Video Streaming Services: How This Relates to QSRs in 2022](#)

- Analyzed streaming media trends and consumer insights to develop a Chick-fil-A case study and strategic recommendations for QSR advertisers.
